Sir J. Wilson Dawson LL.D.

My dear Dr Dawson.

You will pardon me for
delay in acknowledging the receipt
of the book you were kind enough to
send me, as it came in the midst
of packing up. This day before I left
Montreal. I cannot tell you
how much I prize your gift:-
I am so glad to have one of
your books with your autograph
in it. I confess I am proud
to own it. and will ever cherish
it with genuine gratitude.

Among the things I am thankful
for, is that I was for a time a
scholar in your class. I am

sure
my life is better and my teaching
niser because of your teaching
and personal influence. I feel
it an honor to be remembered by
you in this gift of your book.

May God long spare your life
and make your last days even
fuller of helpfulness to your
fellow men than the days that are
past.

I have begun work here and like
the outlook very much.

With kind regards to Lady Dawson
Believe me

Yours gratefully
J. B. Sileo
