Dear Sir:

Thank you very much for your
kind letter of June 28th ult.

Fairly exhaustive correspondence
and investigation have led me to
abandon any expectation of finding
coal in the district enquired about.

If at any time I can recip-
rocate your courteous attention
please command me.

Yours truly
Geo F. Reynolds

Dear Sir,

I thank you very much for your kind letter of June 28th etc. I trust, as I have been informed, that your investigation has led me to understand that the objection of finding coal in the district requires a careful study of the map there & some reports made from the various sections.

Yours truly,
Geo. W. Reynolds
