My dear Sir William Dawson

We had a delightful passage home
of the Campania, and since my arrival
I have been very busy. I have to
thank you for the new preface, a proof
of which has been sent to you.

"Lord Cromer" is the correct title
for Sir E. Baring of former days.

I have written to Messrs. Harper
about an American Edition of "Modern
Science" or "Believe me

Yours Sincerely,

W. H. Hodder
