

Hudson's Bay House,

85 St Peter Street

Montreal, November 15th 1895 *189*

Dear Sir William,

Your kind letter of the 6th inst. from Boston
I am much obliged to you for.

Apart altogether from my broken arm I have had a sharp
attack of illness ever since my return to Montreal on the 2nd inst
and am still able to give very little attention to correspondance.

I hope however soon to have sufficiently recovered to have the
pleasure of seeing you and to talk over the matters of interest
referred to in your letter. I am certainly anxious that progress
should be made in the direction you indicate as soon as may be
possible.

Hoping you and Lady Dawson are in good health, and with
our best regards for her and yourself,

Believe me,

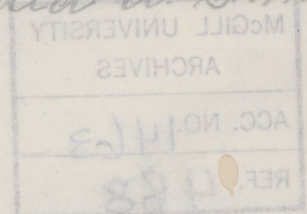

Sincerely yours,

Sir William Dawson
