Sir. J. William Dawson,

Dear Sir:

We have just received a cable from Messrs. Hodder and Stoughton, of London, advising us that they are sending us a set of you plates of your new work "Eden Lost and Won," from which we are to print an American edition. As yet we have not received any proofs or sample copy of the book. We are anxious to secure information as to the size of the page, and number of pages so as to enable us to order the paper and have it ready when the plates arrive. If you can send us a copy of the work, or the information necessary, we should esteem it a great favor. Any expense that you may incur in doing this, we should, of course, be glad to meet.

Yours very truly,

Fleming H. Revell Company.
