

To
Room

Hudson's Bay House,

Montreal,

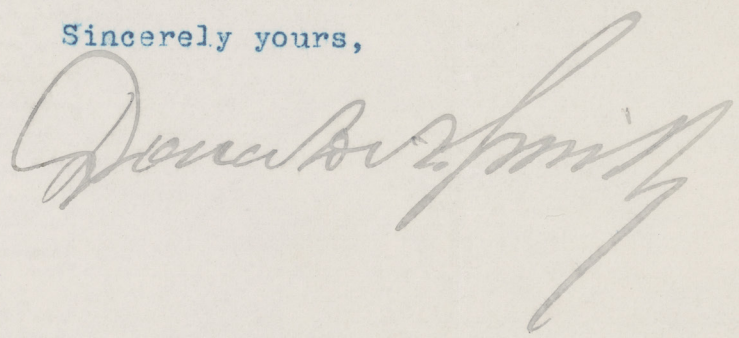

189

College has been too long delayed and but for my serious illness during these many years back it would have been pressed forward ere now.

I am still anything but strong or fit for giving attention to business although obliged to move about and unhappily I am yet unable to write with my own hand and must do so by dictation

With kind regards believe me,

Sincerely yours,

Sir William Dawson, K.C.M.G. &c.

Montreal.
