

THE WITNESS

April 11. 1896

Dear Sir William Dawson

I enclose a note from  
Principal Grant. I have written  
him that I have been looking for  
more information than I have  
obtained as to the adaptability of  
the Americans for Canadian life.  
I have thought of them as being,  
as a result of long oppression,  
a sort of Gaphetic Jews who  
would be sure to take to peddling.

You are I think favorable to this  
immigration movement and  
could perhaps call me or two  
together to act with principal  
part in the matter. I'd  
cooperate as far as might  
be but possibly better  
grown the outside.

Yours very sincerely  
J R Douglass
