

London, June 25th 1896

GEOLOGICAL SOCIETY,

BURLINGTON HOUSE, W.

Dear Sir William Dawson

I need hardly state that the Council have assented to your request for permission to borrow and have slices cut from certain specimens in the Loftus collection. I understood you to imply that you would like to take the specimens out to Canada, and there will be no objection to your doing so.

Believe me,
Dear Sir William,

Yours very faithfully

L. L. Belinfante

Assistant Secretary

Sir W. Dawson, C.M.G., F.R.S.

The Manor House

Chislehurst
