Dear Sir William,

I am very sorry to say that I have been so busy the last few weeks that I have scarcely had time to examine the Amphibia again. There is less to do now and I will try to begin to work on them, but I fear it will not be possible to get any notice of them ready for the Brit. Association Meeting. If you should wish to exhibit any of the specimens, I would pick out the best, pack them carefully and send them down

to you.

It is very doubtful whether I shall be able to be at the Meeting; for one thing Mr Smith Woodward will be away and it will be necessary for me to remain at the Museum.

As for Toronto, much as I should like to go, I am afraid it will be quite impossible: the difficulty would not be in getting the necessary leave, but a much more insuperable obstacle.

Nevertheless I am very greatly obliged to you for offering to speak to Dr Woodward, but I am sorry to say I see no hope of having the great pleasure of seeing the collections at

Montreal. I shall, of course,
have to visit the American
Museum some day, but it
will not be yet.

Thanking you for your
great kindness
I remain

Yours faithfully

Chas. W. Andrews.
