Liverpool, 19th Sept 1896

Dear Mr Atkin

Following our conversation this morning thro' the telephone, I inclose the programme card of the Liverpool Welsh National Society for last session.

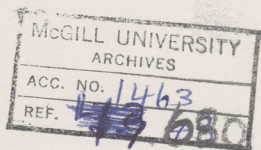

If you can prevail upon Sir Wm Dawson to favor us with some geological (or other) notes on Anglesea for publication

in our transactions they will
be highly appreciated by our
members.

Please accept my
warmest thanks for your
good offices.

Very truly yours
J Rowland Hughes
