Dear Sir William,

Many thanks for the specimens of Aporrhais occidentalis & Chryso-domus despectus that you were so kind as to send us for the Museum. These should have been acknowledged before, but I have been laid up for a couple of days with an attack of influenza.

As soon as I can find time to label & pack them, I shall be glad to send you specimens of Danospira generosa, & of some other species of west coast mollusca.

Very truly yours,

J. F. Whiteaves.
