Dear Sir William -

Thanks for
your kind letter just
received, & I hasten
to answer for this
week's steamer - "While
they are yet speaking,
etc. - so that as you
were telling our father
of the need for this
last year 1896 - I

was writing the cheque
for \$200. (£40.) &
sending it to Mr. Finley.
I feel I can ^{give} £40.
a year - \$200 - but
fear not any more,
as there are wigent
home claims on me,
& they do not cease!
I am sending Louis
to school for three years.
& as soon as he is out.

I must help the rest
by Sabbath - I know
you agree that I
am right in doing
this; helping to fit
- these dear boys for
"The battle of life" -
God grant they may
go out into the world
wearing the "whole
drumour of God."

I will pay the \$200.
probably by 100 each
time, the months

I get most of my
allowance - but alas!
house troubles make
it come so irregular-
ly now. I have had
none at all in Novem-
ber! & yet the Lord
does not let me want.
With very much warm
love to you both - Do
be careful of both
your precious lives,
this coming winter.
Affectionately yours.
Marietaine Paquin
