

Sunday at Home.

56, PATERNOSTER ROW,

London, E.C. Feb. 5th 1897.

My dear Sir,

Proof of your
first paper should
reach you in a few
days. Many thanks
to you for it. We
have had the photo
reproduced. Any ill-
treatment you think
desirable can be
done. It is probably

better. I would have the
photo or drawing,
because we can
arrange the photographing
more easily -

Please let the
key. come in as
quickly as possible,
for greater security.

I think you
understand that my
proposals would be
wishes in the Sunday

at Home. They will
be useful men to
Sunday School teachers
& others, who shd.
know the facts.
It is better to study
them, without shaping
them into formal
argument.

Thanking you
much for your
kind help, I am
yours faithfully,
W. Stevens
