EXPOSITOR LONDON.

Dear Sir William Dawson

You will be pleased to hear that as Harper Bros declined to publish an American Edition of "Relics" we have arranged for The Revell Company to work it both in the States & in Canada. We are sending them out a set of stereotype plates. The advance copy of sheets was sent to you Feb 8 and the cloth copy was sent on the 11th. It probably depended on which steamer took them as to their delivery.

Your errata safely came to hand & shall appear in unbound copies. Some of the blocks were not so good as we could have wished, but we may be able to do better

Should another edition be called
for. We are getting the copies bound
according to your instructions

Although Mr Hodder is
better, she will not be able to
accompany me to the States and
Canada this year. I shall hope to
take my eldest grandson. My visit
will be a hurried one, but I shall
hope to spend a day or two in Montreal
and shall look forward with pleasure
to see you. We purpose leaving by
the ~~Canada~~ "Lucania" April 24, and
returning on the "Campania" May 22

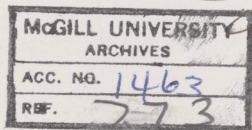

With kind regards

Believe me

Yours very sincerely,

W. A. Hodder
