

GEO. MORRIS PHILIPS, Ph. D.,
Principal.

State Normal School.

Phillips
M. J. G. 1897

West Chester, Pa., 3/24, 1897.

Sir J. William Dawson,

Dear Sir,

I venture to
send with this my copy of your
"Meeting Place of Geology and History"
with the hope that you will be wil-
ling to write on a fly-leaf a word
over your name and the date. I
have enclosed it in an inner
wrapper, stamped and addressed
for return, so as to give the least
possible trouble about it.

I may add that it will go into good
company, as Sowell, Whittier, Holmes,
Fennysen, Browning, Ruskin, Fyfehall,
Huxley, Helmholtz and others have
thus written in their books for me.

I shall greatly appreciate the kind
favor of your compliance.

With great respect

I am very truly yours,
G. M. Phillips.
