Montreal/

Dear Sir William Dawson,

A short time ago I wrote you with reference to a type-written manuscript, which I now beg to enclose. It includes the chief portion of your papers dealing with the beginning of McGill University, and its history during the period of thirty-eight years in which you were at its head.

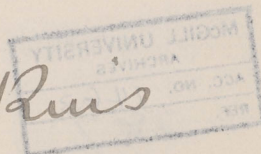

I think that the combined articles, or rather extracts, read very well and would make a most desirable contribution to the encyclopedia. May I ask you therefore to look it over, and express, as I am sure you will, your consent to my using it in the manner indicated?

With sincere congratulations to Lady Dawson and yourself upon the recent celebration of your Golden Wedding, and with many thanks for the kind interest you have taken in my somewhat arduous project,

Believe me,

Yours very faithfully,
