Dear Sir:-

I am very much obliged by your kind post card of May 24. I still hope that you may be able to contribute a brief article to THE YOUNG MAN entitled "The Case Against Evolution," in reply to Dr. Andrew Wilson's article, as I am particularly anxious to place before our readers both sides of the question. I hope it will not be necessary for you to wait until the article appears in THE YOUNG MAN, as I would like to print the two papers in succeeding months, and we have to prepare a long time in advance. I think I sent you a proof of Dr. Andrew Wilson's article, but if you have mislaid it I shall be glad to send you a duplicate. I shall really be greatly obliged if you can let me have a brief article for THE YOUNG MAN during the summer months. Will you see if you can render us this service?

Yours very faithfully,

Frederick
