

Collegiate Institute,
London, Ont.

June 4th 1897

Dear Sir William:

I must thank
you for advising me of the vacancy
at McGill. I fully appreciate
your kindness in keeping me
informed of such openings, and
in keeping me in memory so long.

I made a specialty of Zoology
at Cornell during my last year
there, and am pretty well acquainted
with the method in Dr. Hilder's + Prof
Comstock's Laboratories. I shall
make application for the position
at McGill, and will certainly
refer them to you.

~~19/10/18~~
We have here in London quite
a colony of Mc-Gill graduates -
Rev's Johnson, Sedley, Laureley,
Drs Mead, Waugh, &c - and
myself - We are always

pleased to hear of the great
material progress of Mc-Gill, in
fact Toronto graduates are few
with envy. We were all

pleased to learn of your recovery
from your long illness, and
hope that your life may be
long spared.

I am, Sir William's
Yours Resp. Pupil
W. Lochhead
