Sir William Dawson, C.M.G., M.A., L.L.D., F.R.S.,

Montreal, Que.

Dear Sir William:-

I have your favour with regard to the devotional meeting to be held at Toronto during the session of the Association. I have asked the Rev. Principal Sheraton to deal with the matter, and he has it in hand. I hope to hear from him soon, and I shall immediately let you know what he has arranged to have done. I very much regret that Dr. Gladstone himself is not likely to come.

The attendance of British scientific men is very promising indeed, very much more so than it was a month ago.

I shall be glad to receive any further suggestions you may make.

I am

Yours sincerely,

*A. B. Macallum*

President Local Executive Committee.
