Dear Mr William Dawson,

I congratulate
you heartily on the appear-
ance of your new work
"Relics of Primæval Life".

I have to convey to you
my best thanks for the
copy which you have been
so good as to send me.
It is really refreshing to find
you retaining without im-
pairment your zeal in the

cause of science, & the
energy necessary to give
effect to your views in
printed words. In these re-
spects many of us younger
men might, I am sure, well
envy you —

With best regards

Yours very sincerely

H. Alleyn Nicholson
