Dear Sir William,

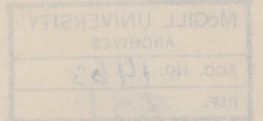

When I called upon you last at the "College" I mentioned that Mr. Griffin the Sup^t of the "Natural History Society" had four children at McGill Normal School, and having a large family (either six or seven,) he finds it hard to get along. If it were possible to get two of his children educated free, it would assist him very much. If you Sir William would kindly use your influence, should you think it possible to get what he wants, both Mr. Griffin and his wife would feel very grateful to you. I promised to write you about him.

I am dear Sir William,

Yours very Sincerely,

John S. Shearer
