July 9th, 1897.

TELEGRAMS: CHRISTIAN LEADER, GLASGOW. DISENGAGED, LONDON.

London Office: 10 BOLT COURT, FLEET STREET, E.C.

Sir J. W. Dawson, The University, Montreal.

My Dear Sir,

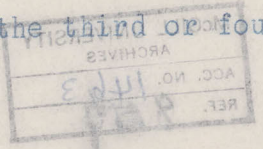

I am arranging for the production of a new Biblical Guide, the purpose of which is to meet the necessities of the present time for thoroughly reliable information regarding the Scriptures, and replies to prevalent objections and misconceptions. I fear greatly that an attack is now to be made by the critics upon our Sunday Schools. Their handbooks for Bible Classes and for ordinary school instruction are multiplying rapidly, and unless something is done immediately we shall find the field occupied.

Professor Sayce, Mr. Pinches of the British Museum, Principal Moule, Professor Stanley Leathes, Dr. Hugh McMillan and a number of others have agreed to take part in the work. I shall be very pleased indeed if you can see your way to assist me by writing one paper, say on "Genesis and Science." The work would require to be thoroughly popular in form, as it is intended for those who have had no special training either theologically or scientific.

The remuneration would be at the rate of 6s. a page or 20s. for a thousand words. I shall be very grateful for any assistance that you can render in this work, and shall be glad to hear from you at your early convenience. Your contribution would not be required for six months as it would be inserted in the third or fourth volume.

I am, Yours faithfully,

John Urquhart Editor of Leader.

England's Religion as Illustrated in Genesis
