Sir Wm. Dawson

Little Metis

Dear Sir:-

Your favor of the 3rd. inst. is to hand. In reply I would say that your Handbook of Zoology has not been in use in the McGill College for the past two years, but the demand in other parts of the Country has used up the edition. I have however found two copies in the City which I forwarded to you as ordered. I can get about eight more copies should you wish me to do so, but as you have evidently not noticed in your statement of a/c that the edition was exhausted, and would have to be reprinted if not rewritten before it could be reintroduced into the College, you may not require any more copies

Kindly advise me if you wish the other two purchased and I will attend to it immediately

Yours truly,

W. V. Dawson
