My dear Mr Williams,

I have heard with
sincere regret. You have not
been in the enjoyment of
your usual health this
summer — I trust

however this is only tem-
porary, & hope that the
invigorating breezes of Nictis,
with by Gods blessing, be
the means of restoring
your health & adding

Many years to a life, which
has been made such a
blessing to your Country,
to the world, & to the thou-
-sands of young people,
who have been privileged
to come under your teaching
& influence, & whose lives
have been made brighter,
& aspirations higher,
by your beautiful
Christian Example

I cannot tell you how
you are missed at McGill,
it does not to me appear
to be the same place

The sweet Christian
influence that you made
so prominent is wanting,
but the grand work you
accomplished, will never
die, & you will doubtless
have many "crowns of
rejoicing" as your reward
in a better world

I would so soon it
a great favour to have

a postal card, to say how
you & Lady Dawson are,
as we are exceedingly anxious
about you

Mr & Mrs Whitley of family
write with me in affect
regards, & with every good
wish for your speedy
restoration to health.

I am my dear Sir with
yours very sincerely

Sam^r Whitley
