Sir W^m Dawson.

Dear Sir

I want to thank you
sincerely for your kind
letter in reply to one I
wrote regarding a property
where it is supposed there
is a mine. At that time I
was greatly concerned as to
how I could manage to
have an interest taken in it.
I have been an invalid
and am never strong enough
to do much. This was one

reason & why I felt sorry
that I troubled you. I had
my idea you were so ill.

I have only been in Montreal
two years and live a retired
life, except when well enough
to do anything for Missions or
N. C. U. work.

However now there is plenty
of interest in my property.
And I thought I would like
to tell you about it.

A Crossland Miner, unknown
to me, was taken to the
Mountain which is in Garsley
Twp. Everything was kept
evidently as quiet as possible
and I was asked to sell.
I refused, and now I
am asked to let a Capt.

Lee sunk and work carried on thoroughly. This man did well in Rossland and was home at his fathers when he found gold there and at the Montecien.

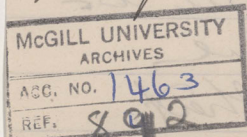

It is a very steep mountain higher than Mount Royal. on the top is one of the most beautiful springs of clear cold water that it is possible to have. Mr. Cole left home last evening intending to go up and make a thorough investigation of the affair. — so my prayer is answered. — Not in my way. One of my two

Interesting little experiment
of trying to make ends meet
and although its some times
a puzzle yet I believe
it fills back bone and
in the end is most satisfactory
and has its fascination as
well. Above all however I
am thankful if there is a
prospect of being a Steward,
a work that makes me
intensely happy.

With Sincere thanks
and the best of wishes
for your health
Believe me

Faithfully

Maggie Edwards Cole
