Dear Sir Wm. Dawson.

I have just completed arrangements for Willie Hays in the Lansdowne School. Mr. Patterson secured his free admission on the ticket of last year. Mr. Arthy gave me an order for a loan of the books necessary for the present which I left with the principal this morning. Mr. Shevan was pleased with the interest shown in the boy and will do what he can to help him. I saw Willie in his class room and found that he compares very favourably with the other boys in appearance and intelligence.

You asked about Mr. Arnold's proposed visit to Canada. He has been obliged to postpone his coming for some time on account of other engagements. With kindest regards, I remain
Yours sincerely

Dear Sir Wm Dawson.

I have just completed arrangements for Willie to go on the Lakeside School. The admission seems to be all right. Mr. Dewey has one or two letters of the books necessary for the program which I left with the principal this morning. Mr. Stinson was pleased with the interest shown on the boy and will do what he can to help him. I saw Willie in his class room and found that he compares very favorably with the other boys in appearance and intelligence.
