Montl. Can.

Dear Sir William

Allow me to thank you very kindly for your very interesting letter of Sep. 14th, regarding a leaf found by me near here in the Postage. Also for your pamphlet, safely rec^d, on Erian & Carbon? Plants, which I have to peruse yet. Should I find better specimens I will let you know. I spend most of my leisure time hunting for specimens (of ? new forms) in the coal, and firmly believe I am finding things of considerable interest & novelty. We shall see!

Yours most faithfully
W. S. Gresley
