

Dear Sir William
mistake
for several
days 8.7.97

J. John W.D. 9 Oct. 1897

I have just received
my article from Dr Bourinot to arrange
and page &c and so am able to give you
a complete list of the figures on the plates,
the list I sent having been imperfect

Plate I, Fig 1. *Limnassonia Belti* Dar. var. magna n. var.

" 2. *Agnostus Nathorsti* Brigg. var.

" 3. *Agnostus punctuosus* Ang. var.

" 4. *Agnostus parvifrons*, Leis.

" 5. *A.* ——— cf. var. Nepos Brigg

" 6. *A.* ——— umbo, var.

" 7. *A.* ——— lavigatus, Dalm., var.

" 8. *Leuocoryphe pustulosa*, n. sp.

" 9. *Paradoxides abenacus*, var

Plate II " 1. *P.* ——— var

" 2. *Agraulos seticephalus*, Dar. var. carinatus, n. var.

Fig. 3. *Agraulos holocephalus*. mishi

" 4. A. — *Arieli*, n. sp.

" 5. *Agraulos* (?) *nanus*, n. sp.

" 6. A. — (?) *musillus*, n. sp.

" 7. *Ligustracus validus*, n. sp.

Plate III. Fig. 1 *Ptychoparia limbata*, n. sp.

" 2. P. — ^{Bill} *Adamsii*, var. *angusta*, n. var.

" 3. *Solenopleura arenosa*, Bill, var. *angulimibata*, n. var.

" 4. *Solenopleura Robbii* Harth. var. *parva*, n. var.

" 5. *Anomocare magnum* Prögg (?) var.

" 6. *Dolichometopus Acadicus*, n. sp.

" 7. D. — *Succicus*, Ang.

Plate IV. Fig. 1. *Dorypyge* ^h *Wasatchensis*, Hall & W. var. *Acadica*, n. var.

" 2. D. — *quadriceps*, Hall & W. var. *valida*, n. var.

" 3. D. — *horrida*, n. sp.

Billings's types of the Genus *Famnia*

- Plate IV. Fig. 4. *Pathyriscus senectus*, Bill. sp.
" 5. *Dorypyge parvula*, Bill. sp.
" 6. *D.* ———— var. *angifrons*, n. var.
" 7. *Conocephalites missus* Bill.
" 8. *Anonocare tucis*, Bill. sp.
" 9. *Ptychoparia Adamsii*, Bill. sp.
" 10. *Solenopleura arenosa*, Bill. sp.

This may help to a better understanding of the plates. I regret that it becomes necessary to traverse Walcott's work, but I do not see how the evidence can be interpreted differently from ~~for~~ the light in which it appears to me.

With regards, I remain

yours sincerely
G. F. Matthews
