

Letters applying for
place Survey. Answered
March 14th 1898.

Dear Sir W^m Dawson - :

I am applying for
a position on the Geological
Survey, I have taken the
liberty to refer to you.

Perhaps you may
remember me as a
McGill Graduate in 1879.

I have been in Science
work in our Collegiate
most of the time since.

As your son is at the
head of the Survey, a
word from you would
go a long way in
my

Favor.

If you can see your
way clear to speak a
word for me you
will do me a
favor.

M. H. Stevens
