Sir J. W^m Dawson

Dear Sir:

Your very kind letter reached me some day ago, but I postponed answering until returning to college.

As yet no meeting of our religious meeting committee has been held" but your suggestion in reference to Mr. Varley will be considered at our first meeting, which will be held within a few days.

Prof. Armstrong is chairman of that committee and I am sure will give the matter his best attention.

Would it be convenient for you to name a time at which Mr. Grace, our General Secretary and myself might call upon you and avail ourselves of the counsel which you are so well able to give?

With kindest regards and prayers for a long continuance in a life of health and service
I am Yours sincerely
S. H. Gordon
