

FIFTH AVENUE HOTEL.

MADISON SQUARE, NEW YORK

30 May

My dear Sir William

I duly received your letter but I left
Montreal early Saturday morning. I
will take care that a copy of "Modern
Science" is forwarded according to
your instructions to Auburn Theological
Seminary. I believe the English Ed.ⁿ will be
both cheaper & better. On my return I
will look carefully into the matter of
"Salient Points" I will report at an early
date.* I will take care that all the works
shall be prominently advertised as
soon as book buyers come back from
their holidays With sincere regards

* I will take the copies
are sent as requested.

Believe me

Your most truly

W. H. Hodder

Sir William Dawson
