CITADEL,
QUEBEC.

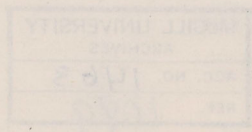

My dear Sir William,

I delayed answering your
letter for a few days thinking
some letter might be on its
road to me in reference to
the Royal Victoria College
for Women, but none has
come, and my office

27.7.22
I do not know of any engagements
of mine to be present at
the opening exercises - possibly
I may hear later on, but
as Lady Minto is going to
England very soon for a
holiday I do not know that
we could engage ourselves
just at present.

I assure you it will
always be a pleasure to
me to do anything in my
power to forward the good
work which you have
done so much to encourage
at Montreal.

Montreal has indeed been
fortunate in it's public

Benefactors.
