Royal Victoria College

Sept. 29<sup>th</sup>

Dear Sir William

I was very much pleased to receive this morning the copy of your Lectures & addresses at the University, & to the women students, from which I see that I shall learn a great deal. I am most anxious to know more thoroughly, with regard to the history of the University & of the earlier stages of the women's movement.

It was very kind of Lady Dawson to  
leave her cards on me, & Dr Peterson  
has promised to bring me to see you

Believe me, with best thanks,

Yrs truly,

Hilda D. Oakley
