

78 Madison Avenue ^{100 Dauph} N.Y.
Nov. 23.

Dear Mr. William Dawson
My lawyer keeps me so long
baiting the settlement of the
"Community" that I have given
up all hopes of seeing the
"final" of my sad case, broken
hearted at my children's cruel
indifference to me since I won
my case, insulted by my hus-
band's sinister threatenings
met - her in the street, the
Nurses & Hospital's pretensions
to have I worked & come to
New York & remain till the
final settlement of my affairs
I have been here over 4 months
& feel as if I were home, & still

his kind - of remembrance is
the most - precious one to bear
my friends are such as to break
my heart - & I often wonder why
God has so deserted me, why
what will have done, the
neglect; of my poor deluded
boy who to please the father
& for the sake of money &
amusement, has thrown
a stone on the mother's fair
name, & even been in his
this house it was whispered
by children had forsaken me
& some of the boarders he
lived had dishonoured my
name in Montreal, he -
Tillot the ~~former~~ ^{then} Attorney
general went to the lady, he
to show me every kindness,

I was desirous of sympathy from
all - with the very small
pittance there (until my
affairs are settled) I find my
self in very straitened cir-
cumstances, my time all free
for board - - Therefore I am
determined to seek for em-
ployment; I am a Capital
Reader both in English &
French, understand Arithmetic
& I would like to get profit
of my readers to an invalid
father or son - (by days
keeping boards) during
Carriou's sick-dickness
me & I could never buy
this kind of vulgar work.
Mr. Agnes the other day visit
me to persuade me to re-
main here in N. Y. as living

his Mother, surrounded by
lamentation of all kinds, life
was impossible, he says he
would gladly recommend me
to friends but he can't, but
they are acquaintances or business
of the Pacific, & not likely to be
of use to me, I don't know
to soul here in this strange
City, I say strange for I see
& hear many odd stories -
I have advertised several things
in the Herald but besides
spending money the answers
are not nice & some come
from very wicked people
Can you still befriend me as
you have done before, I will
be very grateful if you would
kindly send me some inter-
ductions to those who think

2^d might be of use to me,
for name. Comment such
attention, & it would be a
kindness to me that is an
eye here, & which I shall
always remember, would be
of good use to me, I trust to your kindness
in helping me the best way
you can. I had painted for
you a bunch of "Andant
Stumps" but when I went
to leave it - I was told you
had gone to Europe for 2
years, & I gave it to the
Wrighton for similar favor
for once so kindly find me
my room here & a very
once over & painting is out
of the picture as the usual

this & please send a copy
like that. I will write an
apt to be very lengthy in
this description of things
