

My dear Dr. Dawson,

After consulting with  
the members of my Church  
Association, we are of opinion  
that a new Lecture, to be  
delivered in the Synod Hall  
or St. George's School Room  
about the end of January  
would be the most advantageous  
to us. If possible I will make  
it the first of a course  
If I may venture to do so, I  
would solicit a popular title  
similar to "The Garden of Eden" or  
"Creative Days"

Very sincerely yours

J. Stephens Rectory. Lewis & Clark
