

Mr. Shaw

June 23. P.M.

To the President
Med. Assoc.

Sir, Is it possible
that you too are
conspiring with
the other scientific
professors in
defending this con-
fession by a persist-
ent adherence
to that false and
baseless system

Prove it as the
Newtonian
Theory? What
can you hope
for by delaying
taking any
action in the
matter? You
know it is a
scandalous
ground, just as
well as I do.

day where their
discrepancy will
be published to
the world.

When the work
my name of Eng-
land know a
little more, I fear
your ready notice
the success.
There is a theme
growing for you,
take my word.
No need
I think you
