Dec 24

My dear Sir

I venture to
send a copy of the
paper to be read on the
6th Jan'y. The Council
will be greatly obliged
by any comments which
you may make in MS.
and forward in order
that they may be added

to the discussion.

Notice that the subject
of the "origin of man"
is to be taken up at a
meeting of nearly 300
clergy at Bristol next
month.

A little while ago a
big meeting of clergy
in Hampshire took up

the question, and I
will often refer to on
the subject.

Your works in the
library are of much use,
but a special paper on
the present aspect of
the question would
be of much value
You will be surprised

to hear that Lord Derby is
amongst those whom I
hear have taken up the
question

Yours very truly
J. Stowe

Your next remarks will
be in time ^{in the summer} if sent by
February.
