Dear Doctor Dawson:

I have looked over
all the papers and am
now very confident
that I have not received
your abstract of paper
sent in Section E.

I hope you will be able
to send the abstract very
soon.

I have written to Prof. Bush
asking what chances there
are for an invitation from
New Haven for 1884, and
will let you know his reply.

If you will send me Mrs.
of your address as early
as possible I will have
it printed in pamphlet
form for you before the meeting.

A short time since I
received the enclosed from
Ottawa, as you will notice, without
signature. Will you please
advise me what is best to
do. If a delegate is to be
sent it will be necessary
for you to appoint one as
President of the A.A.S., acting
for the Standing Committee.

I beg you will give my
regards to Mrs & Miss Dawson
and believe me

Yours respectfully

J. W. Dawson Ltd
Montreal.
