My dear Sir,

At the last meeting of the S.S. Union Committee, I was directed to call on Mr. Clouston to see if all was satisfactory in connection with the J.M.C. act, as far as it relates to the Union. I have called several times without seeing him. I have said however to

members of the
Committee that I
have no doubt
you will attend
to the matter in
Quebec, and see
that such rights
as were promised
are provided for,
if possible. I will
participate by all difficulties
about the reversion
of property & a

secret, not incorporated;
but not as to
rights of occupancy;
and I presume that
there could be no
objection to making
such individual
gentlemen as may
be members of the
B.S. Committee,
Trustees, in the
case of failure
of the J. M. Co.

locution. But lawyers
are so very apt
to handle such things,
and to strain at
gnats, that it
would be well
for you to look after
the matter.

Wishing all health
& prosperity
I am yours truly
W. Dawson
