

City of London

10 Holles St.,
Cavendish Sq.,
London.

My Lord,

At a recent meeting
of the Council of the British
Association for the Advancement
of Science, it was unani-
mously decided to invite
Your Lordship to attend
the meeting at Birmingham
in the capacity of one
of the Vice Presidents, and
as there was some doubt
as to the arrival of

letter of the Secretary in
Canada previous to your
Lordship's departure, I was
desir'd to communicate
with you Lordship if
possible in this country
and to say that it
will be very gratifying
to the Council and
to the Association of
your Lordship and
Lady Anne can
remain the meeting

with your presence. The
meeting will begin on
Sept 1st, and will
extend to Sept 8th,
and is likely to be
a very interesting one.

I may add that
I am informed by the
Secretary of the local
Committee that, should
your Sub-Com be present,
the Committee will
do all in its power

to render the visit
agreeable

Trusting that your
acquaintance will have
a purposeful purpose I
beg leave to remain
with all respects,

Your truly obedient
servant

J. M. Dawson
