

Letter to Seymour

Gentlemen

Having been employed
for two years in Mexico the
of C S as Superintendent of
and having pursued courses
of it zealously I have accomplished
a large quantity of work on its
sealings, notes & ports - several
people becomes - with many
interesting incidents of private life
which I am pretty sure will be
of great worth what may
be agreeable to the Great Public.

From which you will
the object of your mission in
of your most valuable
publication. You in account
will see what terms I propose

of course that the manuscript
as has promised James John
Foster

The quality of my copy
of that in vol 1 & 2 vols of Lyell's
Principles -

I have a number of sketches
of scenes as which could be sent
to as great a number as might
be ~~for~~ expedient to print some
as wood cuts -

In answer of your thanks the
next letter to send you I should
like to print as I have when
I could be most suitable work
in which drawings should be set
up - of 4 pencil sketches, a pen
and ink. -

In style of pen and for proof
as a naturalist they hope to report
of artist I will put - also in seal there are
to be C. Lyell & Mr. Brewster
