April 19th / 72

My dear Sir,

Please find enclosed twenty dollars, the amount of my indebtedness to you, that is so far as pecuniary matters are concerned. With regard to other debts I am bankrupt & can only offer you a mortgage on my future actions.

I leave Blake's Book on Mining machinery for you to look at & if you think it will be of any use to your son, if you send it in to the laboratory, I shall be most happy to take it to him.

I have another book on
the concentration of ores
which I intend to take
with me, & it may likewise
prove of service to George.

In haste

I am

Yours sincerely
B. H. Harrington

Principal Dawson.
