

Dec. 29, 1876.

My dear Father,

I have received your letter of the 18th and also the calendar you send. It will be very useful to me, as I will use it to keep my accounts in. Many thanks for it.

I have also received a present from Anna for which please thank her in the mean time till I have time to write.

I sent some weeks ago to M^r. Page a copy of the "Programme" of this School, accompanied by a letter giving a few details as to the nature of the instruction.

On Wednesday I drew £10 at Gilb's. This is my first draft. I will let you know before I draw again. It will probably be sent month.

With much love and many thanks for your letter & present, I remain your affectionate
son

William.
