My dear Father,

I have now sent off the pamphlets of Georges, and have been able to complete most of the London addresses except those of the Aboriginies Soc^y & the Colonial Society. It would be better to be able to state something as to their whereabouts. There is also a name I cannot read, Vankoghenel, it may be. Perhaps you would send him one of those I now forward to you.

I enclose the \$50⁰⁰ you sent a cheque for, and noticed

while at the Bank thus \$ 300
had been paid in, Aug 1. The
balance now remaining after
cashing the cheque, is \$ 260
and odd cents.

I met Sophie Labato in
town this morning with her
husband & some friends. She
landed in Halifax on the 14th
net; intending to call at
Metis on the way up; but
went instead by Orchard
Beach, where she spent two
weeks. She leaves town tomorrow

Yours affectionately

William.
