Dear Father,

The printer now has the  
cut for your Sun paper & is to  
print off today. I have also the  
two 'Dutee group cuts' reproduced  
from Williams's drawings. What is  
to be done with them? I suppose I  
shall better settle for all three as soon  
as I can get the bill.

The enclosed menus from the printers  
office & both from Mr Wolson.  
were handed in yesterday. Mr Wolson's  
note includes a letter which is referred  
to but which I have not read.  
A Class list of girls in the high school

Les also came in, marked on  
the envelope "from Mrs Fuller"  
What do you wish done with it?

Was letter to Anna addressed to  
Sam by mother arrived yesterday. William

has it - now & I suppose we

will mail it back to you

tomorrow. William went

away yesterday to Caughnawaga

to look at some lines to be run

there, which he thinks of sending

for, & did not get back till

this morning.

Love to all

Your affectionate son

George
