Dear Father,

The cheque you sent came very opportunely as I had on hand the following bills: -

Edward, gardening	4.75
shoveling coal	2.10
Hamilton, milk & eggs (July)	6.80
Gas, for the quarter	13.20
	<u>\$ 26.85</u>

The cheque brought \$ 24.50 which nearly covered the amount. I have taken \$ 20 for a suit of clothes I had made lately. I will return this by sending \$ 25<sup>00</sup> as soon as I have an opportunity. As I break-

fast at seven, and return just  
in time for dinner at half-past  
six, I am never ~~in~~<sup>called into</sup> town in break-  
ing hours; but I can always find  
some way of doing any little thing  
of the kind.

I have been at Langmeil every  
day since Tuesday, & there is  
still a good deal to be done  
over there.

I enclose memorandum of letters  
etc. arrived.

Your affectionate son,

William.
