Write a line today just  
to let you know that am  
well & progressing, since  
my last letter if I under-  
stand plans correctly,  
may have had to follow E.  
to Metz. Am making  
room amongst other duties  
for a course of half a dozen  
lectures by Dr. Hutchinson  
(one of the most able men  
here I think) on heredity in  
disease, which are being  
delivered in the college of Surgeons  
Was glad to receive letter  
from A. S. H. yesterday which  
I shall of course answer.
