Ottawa. Thursday Dec 29

G

Dear Father,

I thought you said you
had kept copies of my letters
from the N.W., in fact I believe
the copies are in my desk basket
on my table, but I never
looked to see. I wish if possible
I know the date of that on the
Indians & if more than a
single copy was preserved, should
like to have one here by return.
Mr Selwyn in speaking of the
Scripps meeting seemed to

Suggest that Dr Grant should
also be asked to attend it.

It seems he was present at the
preliminary meeting at the Gov. Gen's.

unless on this ground I do

write any reason for his
inclusion, but this you must
decide.

Yours respectfully

George
