

GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn B.L.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST OTTAWA.

March 7 1882,
Oplismere

Dear Foster,

Dr Selwyn asks me to say that he has put up a requisition about a public meeting to prepare for reception of American ans. Our Currier the local member is taking it in hand, & the requisition is to be signed by a number of influential names. There will of course probably not be more than the meeting itself.

About the Buffalo skulls,
which you should find
in the box sent down -
Please be careful to look after
all the small teeth, some
of which ~~are~~^{were} loose & now
probably out altogether

Yours

Seydl
