Ottawa

20 Jan 83-

Dear Father,

Got here safely
last night, though about
half an hour late owing
to the train being an
extra ferry one. Mr Whitman
is not sure about the
name yet. Still from
Ross Coulee' which I
brought up & thinks it
may be new. If you

2

happen to think yet
you might send up the
other 2 better specimens by mail
& I will see both safely
returned after examination.

Mr Weston tells me that
he has sent down the
specimens you wanted
cut. The fossil plants
will be packed & forwarded
in a few days.

yours
George
